

Risk Analysis

Hello.

Today, we're going to talk about risk analysis.

I'm Tripp Boyer, and this is David Ramey.

We are partners of the Boyer Ramey Wealth Management Group.

With the current volatility we are experiencing in the markets due to the speculation of interest rates, inflation, and the Russian invasion of Ukraine, we believe it's critical for you to have a risk analysis done on your portfolio, as well as your retirement income plan, and life plan.

You have not visited with us recently to discuss your life plans, and most importantly, haven't had a risk analysis done, please give us a call or send us an email to schedule a convenient time, after all, with all that is going on in the world, we believe this is critical.

We would be happy to visit with you in person or virtually through Zoom.

We look forward to seeing you see soon.
